- **Centralized management system.**
- **Inventory tracking.**
- **Order management.**
- **Delivery partner management.**
- **Sales and analytics dashboard.**

USER PERSONA

CORE PROFILE

Name: Ajay P

Age and gender: 29 Years & Male

Job: Delivery Executive

Location: Erode

BACKGROUND

Ajay works as a delivery executive and often relies on phone calls or manual coordination to receive delivery requests. He wants a platform where he can receive delivery assignments instantly, update delivery progress, and manage his deliveries efficiently from a single application.

TECHNOLOGY & BEHAVIOUR

- **Uses an Android smartphone.**
- **Uses GPS navigation regularly.**
- **Comfortable with mobile applications.**
- **Uses digital payment apps.**
- **Prefers simple and fast interfaces.**

PAIN POINTS

- **Users do not know who has been assigned to deliver their order.**
- **Delivery partner assignment may take too long, increasing waiting time.**
- **Users cannot contact the delivery partner if there is an issue.**

USER NEEDS

- **Users need automatic assignment of the nearest available delivery partner.**
- **Users need to view the delivery partner's name, photo, and contact details.**
- **Users need real-time tracking of their order and delivery partner**

USER PERSONA

CORE PROFILE

Name: Akilesuwarar U

Age and gender: 19 Years & Male

Job: College student

Location: Erode

BACKGROUND

Akil is a college student with a busy academic schedule. Between classes, assignments, and extracurricular activities, he has little time to shop for groceries or plan healthy meals. He wants an affordable and convenient way to prepare fresh, home-cooked food without wasting time or ingredients.

TECHNOLOGY & BEHAVIOUR

- **Uses Android smartphone daily.**
- **Comfortable with food delivery apps.**
- **Makes UPI/digital payments.**
- **Prefers simple, user-friendly interfaces.**
- **Tracks orders in real time.**

PAIN POINTS

- **Limited time for grocery shopping.**
- **Relies on unhealthy fast food.**
- **Limited time and cooking skills.**
- **Missing ingredients or complicated recipes.**
- **Budget constraints.**

- **Affordable, simple recipes.**
- **One-click ingredient ordering.**
- **Student discounts and quick prep guides.**

USER PERSONA

CORE PROFILE

Name: Aarthi N

Age and gender: 19 Years & Female

Job: College Hostel student

Location: Karur

BACKGROUND

Aarthi is a hostel student who spends most of his day attending classes, completing assignments, and preparing for exams. Hostel food is often repetitive and lacks variety. She wants an affordable way to prepare fresh, healthy meals without spending time on grocery shopping or cooking from scratch.

TECHNOLOGY & BEHAVIOUR

- **Uses an Android smartphone daily.**
- **Frequently orders food online.**
- **Uses UPI/digital payments.**
- **Prefers quick, user-friendly apps.**
- **Values affordable and healthy meal options.**

PAIN POINTS

- **Limited cooking facilities.**
- **Ingredient availability issues.**
- **Budget restrictions.**

USER NEEDS

- **Affordable meal kits.**
- **Fresh, pre-portioned ingredients.**
- **Easy recipes (15–20 minutes).**
- **Recipes with fewer ingredients.**
- **Small, affordable kits.**
- **Hostel-friendly meal packs.**

USER PERSONA

CORE PROFILE

Name: Sachin Prabhu R

Age and gender: 23 Years & Female

Job: : Fitness Trainer

Location: Erode

BACKGROUND

Sachin follows a fitness-focused lifestyle and prefers nutritious home-cooked meals. Her busy training schedule makes meal preparation difficult, so she is looking for meal kits that help her maintain balanced meals with suitable ingredients and clear nutritional information.

TECHNOLOGY & BEHAVIOUR

- **Uses smartphone and fitness applications regularly.**
- **Tracks meals and nutrition digitally.**
- **Checks product information before placing orders.**

PAIN POINTS

- **Preparing healthy meals takes considerable time.**
- **Difficult to consistently measure ingredients.**
- **Needs better information about ingredients and nutrition.**

USER NEEDS

- **Healthy and protein-rich meal options.**
- **Nutrition and ingredient information.**
- **Customizable portion sizes.**
- **Quick recipes suitable for fitness-oriented diets.**
